

HER MAJESTY THE QUEEN OF HEARTS

SRAM "OFF WITH THEIR HEADS" DOWNHILL FRIDAY, JULY 9TH 5:00PM

Oh what a nasty queen. Back to the bike park for a full-on descent from the top of Garbo that pushes the one bike, one set of tires rule to the limit. With 15 minutes of technicolour descending straight from the mind of our Queen, Sylvie Allen, you probably will not need to visit the caterpillar before hand. The ride itself will blur reality and fill your mind with hatters, rabbits and groovy cats. And remember don't be an Alice or you will lose your head.
