## TRAIL SIGNAGE

... and by colour-coded trail markers ... range oval indicate freeride trails ... skills. Work your way up to more ... progression, skill and comfort level.

- BEGINNER
- INTERMEDIATE
- ADVANCED
- EXPERT ONLY
- PROLINE

### TECHNICAL

Technical trails are designed to embrace the rugged shape and terrain of the mountain, utilizing a majority of natural terrain. Routes are typically hand-built and feature organic obstacles and stunts such as rocks, roots, logs, drops, jumps and other natural or constructed features that require technical riding skills. Technical trails are identified by their difficulty symbol. Jumping skills may be required.
